come to me, and do not

LETTER FROM THE PRESIDENT

Friends,

OneChild invites you to join our global community of Child Champions. People from all backgrounds and cultures are joining together, as churches and as individuals, to have generational impact together.

We are committed to developing Generational Churches that bring hope to hard places. To do that, we build relationships between you and communities of believers around the world for the sake of children who need to know that God is a good and loving father.

OneChild creates cross-cultural and missional engagements that are meaningful, sustainable, effective and Kingdom-advancing. We customize partnerships for your church just as we contextualize church-partnered Hope Center programs for children at risk.

Please join us and find out how incredible and transformational it is to connect your mission to our global community.

For the kids,

Scott C. Todd, PhD
President

FOCUS your missional outreach in specific locations.

CHANGING LIVES FOR MORE THAN 60 YEARS!

OneChild is a thriving global community of Child Champions. Sponsors, teachers, coaches, and pastors come alongside impoverished children to help them dream and reach their goals. Our approach is:

Personalized — We help pair one child to one sponsor to create a meaningful connection.

Contextualized — We listen to our children and customize our approaches to meet their individual, unique cultural needs.

At our Hope Centers and schools sponsored children learn, play, receive medical care, eat nutritious food, and experience Jesus' love.

It's all thanks to our community of caring men and women — our Child Champions.

We work in many of the hardest places.

Places where others can't go.

Places where gang violence is rampant.

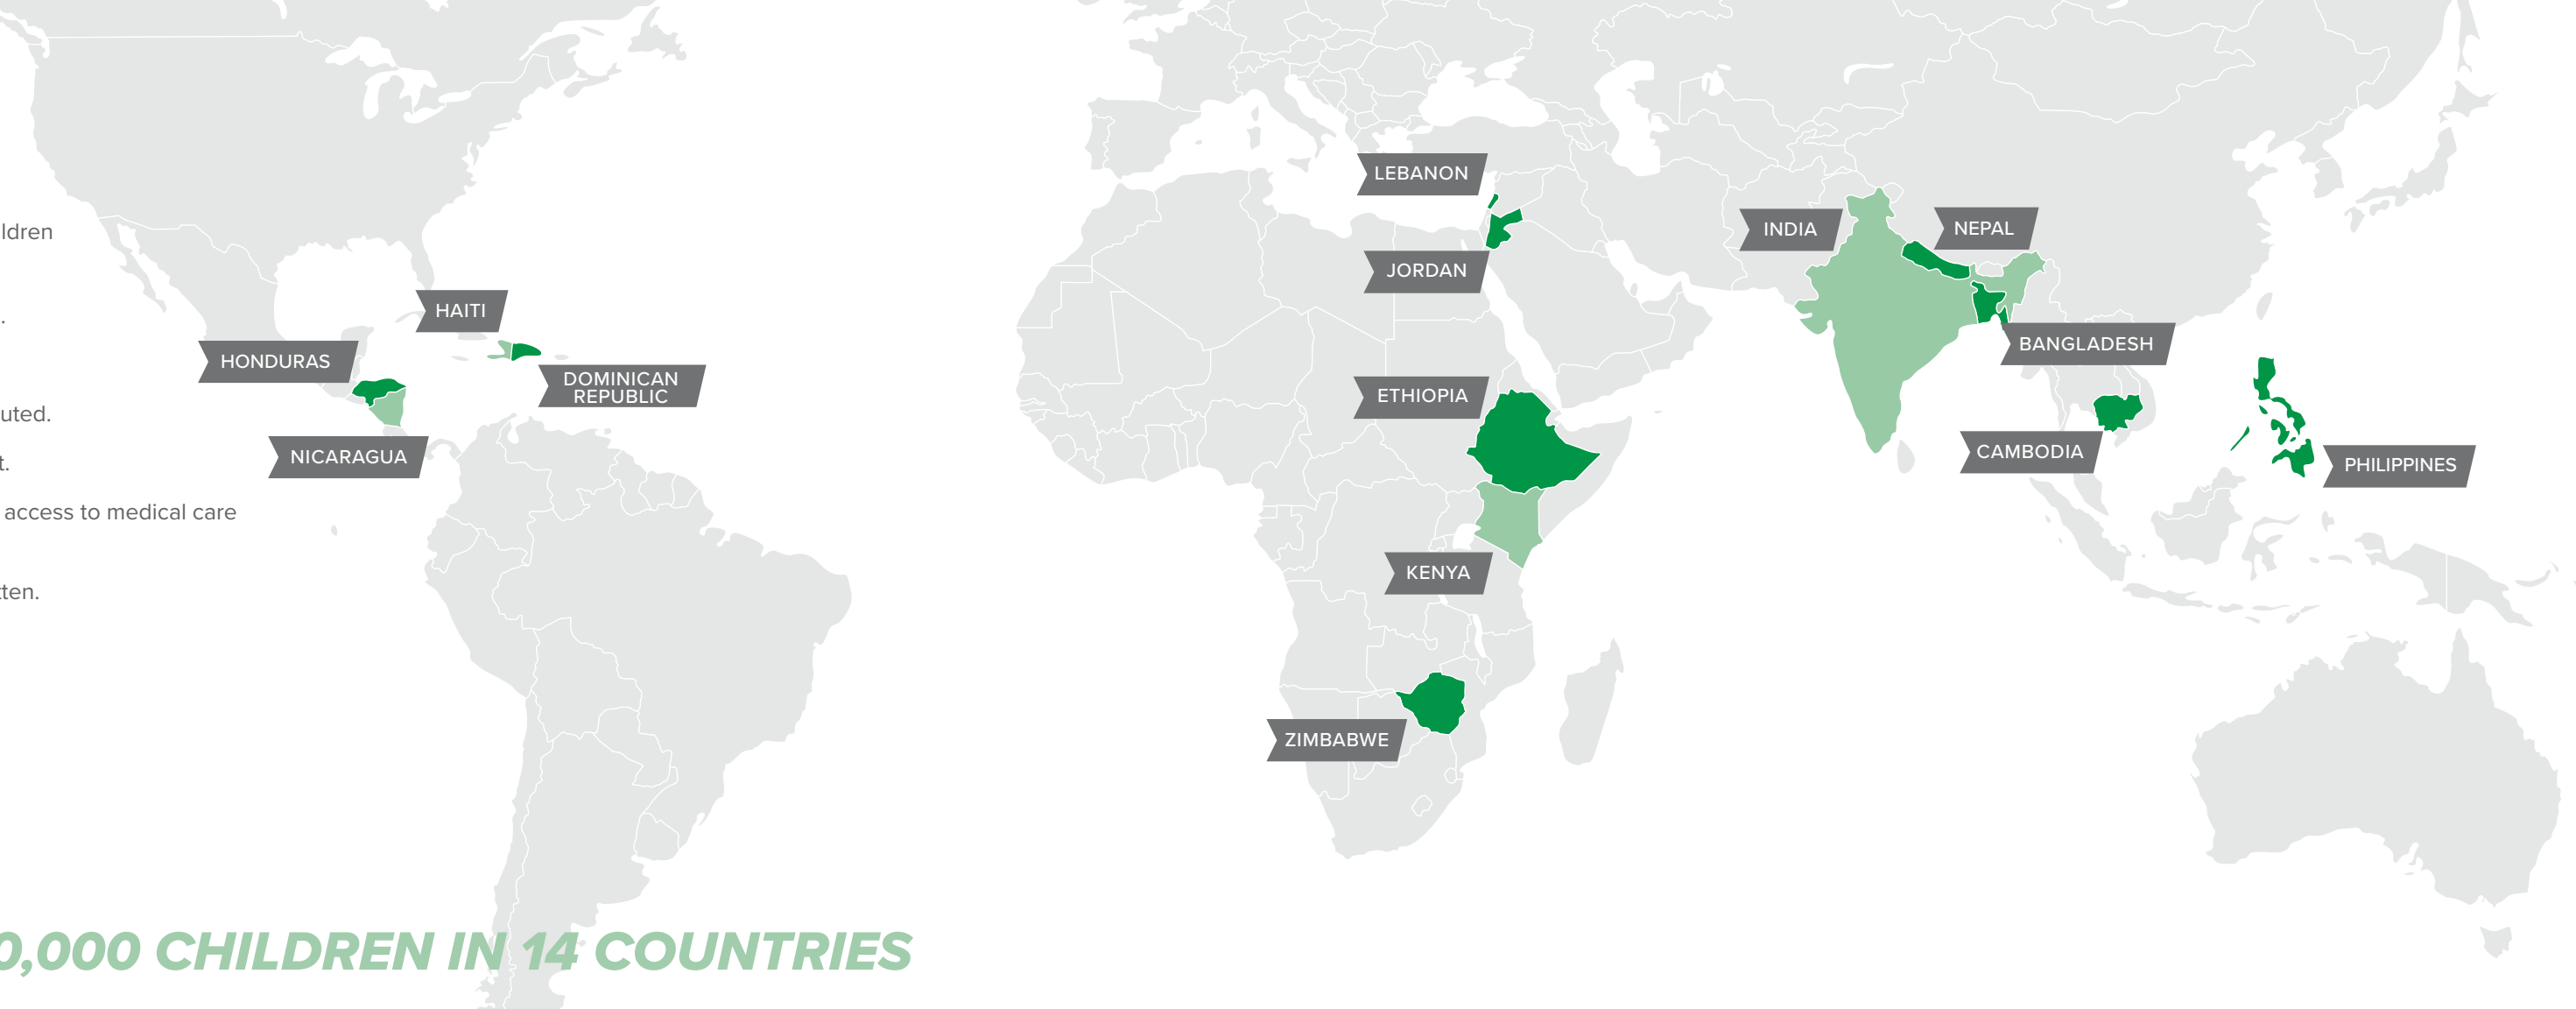

Places where remote tribes don't have access to medical care
or clean water.

Places where people have been forgotten.

Places where children are suffering.

Places where kids need us the most.

MORE THAN 40,000 CHILDREN IN 14 COUNTRIES

HOW WE WORK

Your partnership helps children with:

Faith

Children have the opportunity to learn about God, His purpose for their lives, and hope for the future.

Education

Children receive help with their studies and are taught problem-solving, leadership, literacy, math and life skills.

Health

Hope Centers provide nutritious food, medical checkups and medicines to fight common diseases.

Relationships

Child Champions help children socialize with others to develop lasting relationships.

Another vital factor in a child's development is **YOU!**

Letters, prayers and faithful support communicate to children their true value. Sponsorship is one of the best Kingdom investments your church or organization can make!

OUR MOVEMENT

OneChild is more than a ministry. It's a movement of like-hearted Child Champions. A movement with a powerful approach that is transforming generations. These are five ways we are serving and building ***The Generational Church***:

Family Engagement

We encourage families to be involved in their kids' lives.

Child Participation

We invite our kids to share their voice so they can be a part of shaping our program.

Committed Leaders

We partner with leaders who have vision and passion for the holistic development of our kids.

Child Champions

We support and equip loving adults who build hope, protect, and create opportunities for our kids.

Child Development

We create experiences, activities, and programs to encourage kids' healthy development.

RESCUING HURTING KIDS AND ABANDONED BABIES

NEW LIFE HOME TRUST

In partnership with New Life Home Trust in Nairobi, OneChild rescues abandoned and highly vulnerable babies in Kenya. These children often suffer from preventable diseases. The home has state-of-the-art medical equipment to provide crucial care to the infants on site; Kenyan doctors volunteer their time, and the home is staffed with nurses and volunteers 24 hours a day. We provide high standards of holistic care, advocate for their needs, and place them in loving homes. What began 24 years ago as one woman's resolve to rescue an HIV-positive infant has grown to give thousands of orphans in Kenya loving families.

PHILIPPINES CHILD RESCUE HOME

At-risk girls in the Philippines can become victims of sex trafficking. They are forced to work in bars, brothels, and back alleys. They have no chance of rescue without help. That's where OneChild steps in. OneChild partners with the Philippines Child Rescue Home to give rescued girls a safe place to heal and hope again. In the safe, nurturing environment of The Philippines Child Rescue Home they begin to recover. They learn about God's plan for their lives — and about forgiveness through Christ. God has done so much through this ministry, has given so many broken children renewed hope for their futures.

Committed partners are vital to helping us continue these powerful ministries.

WHAT OUR PARTNERS ARE SAYING:

“I saw OneChild’s work in Kenya, and it affected me in a huge way. Partnership is a powerful thing, and my church and I are grateful to sponsor children for the kingdom through OneChild. You can see the difference Jesus is making in their lives.”

— Rob Ketterling, Lead Pastor, River Valley Church, Minnesota

“By partnering with OneChild, our church has been able to impact parts of the world with the gospel in a way that would have otherwise been impossible. We are bringing hope and salvation to nearly 5,000 children in 14 projects across Haiti and Ethiopia which are not only changing hearts and lives but nations as well.”

— Debbie Lindell, Lead Pastor, James River Assembly, Missouri
