

# ONECHILD IS...

## PERSONALIZED

We help pair one child to one sponsor to create a meaningful connection.

## CONTEXTUALIZED

We listen to our children. Child Champions at our Hope Centers and schools customize approaches to children's unique cultural needs.

## GENERATIONAL

We serve and build the Generational Church, where generations of families are engaged and creating a stronger future where children are heard, and where passionate leaders are committed to helping kids.

Child Champions around the world bring hope to more than 50,000 kids in countries in Latin America, the Middle East, Africa, and Asia.

As a global community of Child Champions, we advocate for children in hard places and provide holistic care so they have hope and thrive.

**JOIN US TO BRING HOPE TO MORE KIDS THROUGH:**

**FAITH**

Children have opportunities to learn about God, His purpose for their lives, and the hope He offers.

**EDUCATION**

Child Champions help children with their studies and teach them problem solving, leadership, literacy, math, and other life skills.

**HEALTH**

Children receive nutritious food, supplements, medical checkups, and additional care when needed.

**COMMUNITY**

Hope Centers provide emotional support, counseling for trauma, and promote social growth through activities like sports and music for kids.
